

Oscar Torres

FULL STACK DEVELOPER

Profile

Passionate software developer, open to learn as much as I can, Committed to utilizing my skills to further the mission of a company. Knowledgeable in modern JavaScript (ECMAS6+), React, Redux, Express, NodeJS and MySQL. Able to effectively manage pre-processors as LESS and SASS as much as pure CSS. Bilingual.

Experience using Styled components (React), consuming APIS (JS) and CSS frameworks as tailwind for responsive designs.

Employment History

Front end developer, Tailorsoft , Remote

FEBRUARY 2021 – PRESENT

Implemented Typescript on a React project along unit and implementation testing with Jest and react-testing-library and end-end testing with cypress.

Discussed technical requirements and estimates with clients while code reviewing work from my peers.
